NMCI

National Maritime College of Ireland

Coláiste Náisiúnta Mara na hÉireann

Course Name:

Basic Offshore Safety Induction & Emergency Training (BOSIET) - OPITO Approved

Course Price:

€860 (Prices are charged on a per person basis.)

Short Description:

This 3 Day offshore course is designed to assist in meeting the initial onshore safety training, emergency response training and assessment requirements for personnel new to the offshore oil and gas industry.

Course Type:

Offshore & Renewables Courses

Full Description:

This 3 Day offshore course is designed to provide delegates with a basic knowledge of safety and emergency response procedures for working in offshore environments. Delegates will gain a basic level of understanding and awareness of the hazards encountered when working on offshore installations, and of the safety regime and safety management systems in place to control and mitigate those hazards. The course is a mix of theoretical and practical sessions, during which delegates will be required to demonstrate their level of knowledge and understanding of the training programme content.The course will cover the following elements:

- Safety Induction
- Helicopter Safety and Escape
- Sea Survival
