

GAC Training & Service Solutions

Powered by **National Maritime College of Ireland (NMCI)**

World-class training for seafarers

Strengthen your crew's knowledge and skills with comprehensive training at our state-of-the-art facilities.

Delivering your strategy.

Fully flexible learning for the global shipping community

GAC Training & Service Solutions (GTSS) is dedicated to delivering specialised, high value, technologically advanced training courses and empowering professionals in the maritime, transport and commodity sectors.

World-class facilities, GAC expertise

GTSS combines GAC's global reach and more than 50 years of experience with the state-of-the-art facilities of the National Maritime College of Ireland (NMCI) to provide cost saving, innovative and customised training solutions for seafarers and shore-based personnel.

NMCI's facilities include:

- 17 bridge simulator suite including 360° vision
- Survival pool fitted with wave machine, wind turbine, drenching, visual and sound effects
- Helicopter underwater escape simulator
- Marine jetty fitted with freefall and davit lifeboats with pontoon and slipway access to Cork harbour
- Damage control unit specialising in flood simulation

- Fire fighting unit
- Communications laboratories
- Electrical, mechanical and welding workshops
- Seamanship workshop
- Conference facilities

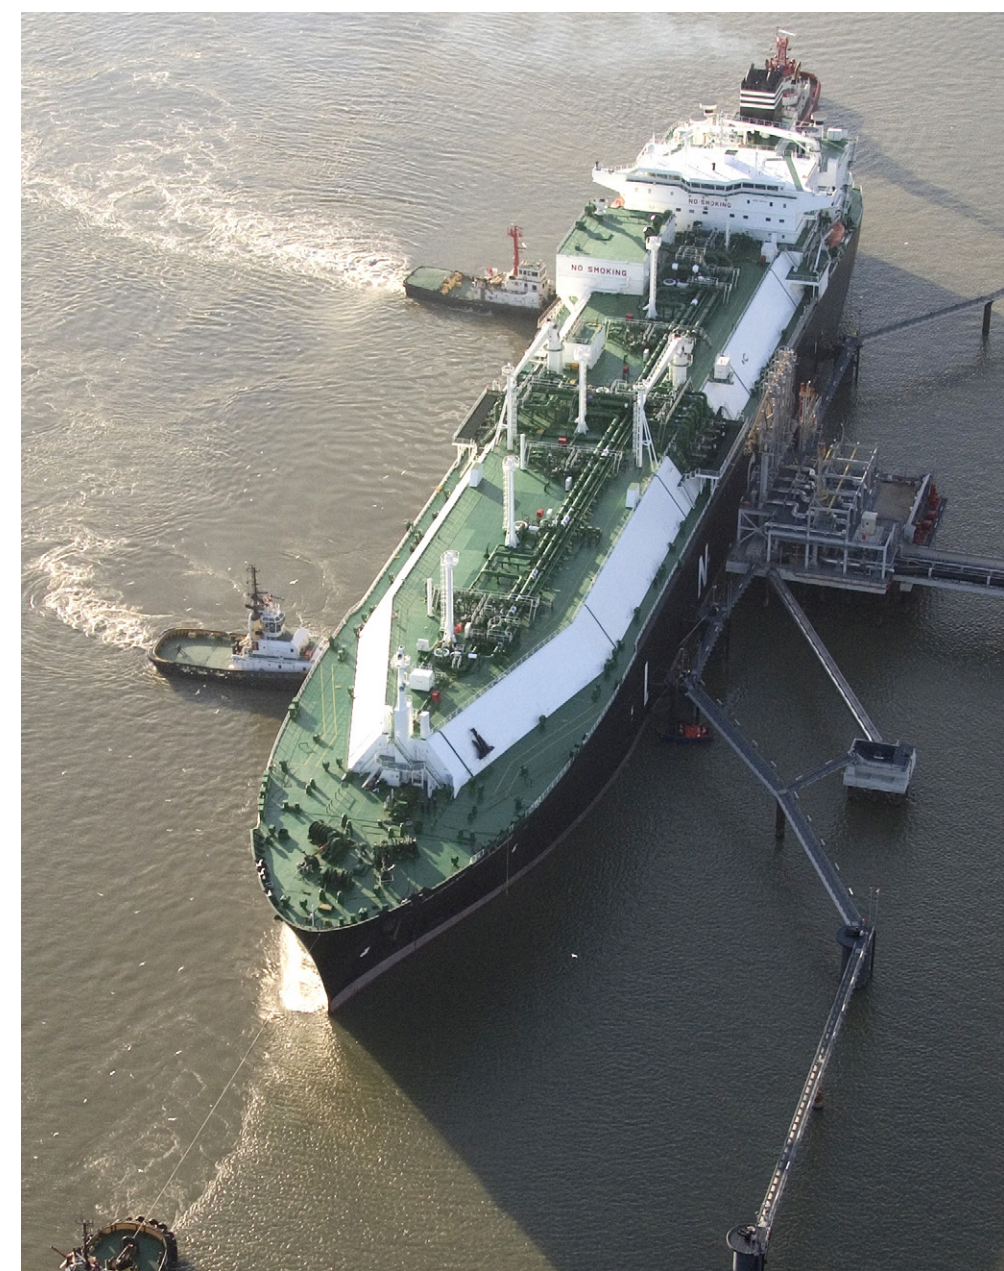

Wide ranging courses

Properly trained personnel can be crucial in reducing physical, environmental and financial risks. That's why we offer a broad range of courses to meet the needs of the maritime industry. Subjects range from LNG, LPG, Dry Cargo & Chartering Operations to Seismic Replacement at Sea, Ship-to-Ship Transfers and more.

Course content is developed, constantly updated and delivered by some of the most respected names in maritime training.

Total flexibility

GTSS courses are tailored to suit the specific training requirements of maritime companies and groups. Courses can take place at the NMCI, at the client's premises or any other location, providing precisely tailored hands-on, simulation-based and academic solutions to suit each client's needs, location and preferences.

UNIQUE "HANDS-ON" TRAINING

Our unique Return to Scene (R2S) technology uses 360° interlinked visuals and special effects to give trainees a highly realistic and dynamic virtual experience of conditions they could encounter during their service at sea.

Empower your personnel to drive your business forward

About GAC Training & Service Solutions

GAC Training & Service Solutions is part of the GAC Group, a global shipping, logistics and marine services provider, with over 10,000 employees operating in 300 offices worldwide. In partnership with National Maritime College of Ireland, we provide expert delivery of a portfolio of training courses for both seafarers and shore-based shipping personnel.

The GAC advantage

- World-class dedicated training available worldwide, delivered by industry experts
- \$100 million state-of-the-art facilities
- Virtual experiences with R2S digital imagery
- Onsite, offsite or blended learning to suit clients' needs
- Health, safety and environmental compliance
