Course Prerequisites

 A valid OPITO approved Basic Offshore Safety Induction & Emergency Training Certificate (BOSIET/TBOSIET, FOET, /TFOET)

NB Delegates must undergo an appropriate medical screening by the training establishment (i.e Self Declaration of Fitness Form)

The aim of the 4 day Initial Training Programme is to equip delegates with the knowledge and skills required to perform the role of an Offshore Lifeboat Coxswain effectively.

The objectives are:

1.
Delegates to fully understand the roles and responsibilities of the Offshore Lifeboat Coxswain

2.
Delegates to understand the working mechanisms of the TEMPSC, and how to safely launch and maneuver the TEMPSC to a safe area.

3.
Delegates to ensure that the safety of the passengers is maintained throughout.
