

### Course Name:

Fixed Wing Underwater Egress Training

### Course Price:

€ 500.00

### Short Description:

The aim of this course is to provide trainees with the skills and knowledge required to effectively egress a ditched aircraft.

### Course Type:

Specialised Courses

### Full Description:

This course will prepare aircrew to cope with the hazards that may be encountered before, during, and immediately after a fixed wing or rotary wing ditching at sea.

This course is based on the performance oriented concept of training where the aims of the course are translated into measurable and concrete Performance Objectives that must be met by the trainee.
