

## Course Name:

Further Offshore Emergency Training (FOET) with Compressed Air Emergency Breathing Systems (CA-EBS) OPITO Approved

## Course Price:

€ 675

## Short Description:

The FOET with Compressed Air Emergency Breathing Systems (EBS) & Compressed Air Emergency Breathing (CA-EBS), is a 1 Day course and is OPITO approved.

## Course Type:

Offshore & Renewable Courses

## Full Description:

*This course is often referred to as "Survival Refresher" or "BOSIET Refresher".* This FOET with Compressed Air Emergency Breathing Systems (EBS) & Compressed Air Emergency Breathing (CA-EBS), is a **1 Day course** and is OPITO approved. This course will give delegates the opportunity to practice and demonstrate emergency response skills which are not possible to practice during offshore drills, exercises and emergency training.

This course is a mix of theoretical and practical sessions, during which delegates will be required to demonstrate their level of knowledge and understanding of the training programme content."

By the end of this training programme, delegates will be able to:

Demonstrate, in a simulated environment, that they can use the safety equipment and follow procedures in preparing for and during helicopter emergencies - with particular focus on

The course will finish at approximately 5:30 pm each day.

**IMPORTANT NOTE:** Under OPITO regulations, delegates **MUST** complete this course before your previous BOSIET or FOET certificate expires.

Please note, joining instructions are sent to all delegates in advance of training. If your company has made a booking on your behalf, joining instructions will be sent directly to the booker. These should be forwarded to you. If you do not receive your joining instructions at least 2 days in advance of the course, please contact our admin team.

### **The BOSIET CAEBS, FOET CAEBS & HUET CAEBS standards are changing.**

There will now be shallow water CAEBS training incorporated into the course.

Delegates will be required to produce one of the three certificates outlined below:-

Produce a valid, unexpired Oil and Gas UK (OGUK) offshore medical certificate confirming the delegate's fitness for offshore work.

OR

A valid, unexpired, medical certificate of fitness to work at sea.

OR

A valid, unexpired offshore medical certificate issued by a body outside of the UK which is recognised as equivalent to the OGUK medical certificate of fitness for offshore work.

 03/09/2024

 10/10/2024

 14/11/2024

 05/12/2024

## Course Prerequisites

Valid in-date BOSIET or

 FOET certificate & Medical Cert

In addition to the above the delegate will be required to produce:-

A certificate of fitness to undertake shallow water CA-EBS training issued by a registered OGUK examining doctor.

OR

In the case of a Seafarers Medical with restrictions, produce a statement from an appropriate registered practitioner that the restriction or condition does not result from a respiratory or ENT condition and there is no absolute contraindication to the shallow water delegate's participation in the training.

AND

On the date on which the delegate is to undertake shallow water CA-EBS training, and prior to entering the water in which the training takes place, the delegate gives to the OPITO-approved Centre a statement, that to the best of the delegate's knowledge and belief, the delegate has no (current or past) medical condition which makes the delegate unfit to participate in the training.

You can book an OGUK medical and undertake the examination to obtain an OGUK medical together with the certificate to undertake shallow water CA-EBS Training by contacting Corporate Health, contact details below. Please contact the clinic in plenty of time to secure your preferred appointment date.
