 All personnel participating in Basic Safety Training shall be medically fit and capable of fully participating.

body in an offshore wind environment.

The Delegates can demonstrate the needed knowledge and skills to recognise the advantages and limitations of personal LSA and PPE and usage in a correct and safe manner.

The Delegates can demonstrate the needed knowledge related to GMDSS (Global Maritime Distress and Safety Systems) and SAR (Search and Rescue).

The Delegates can demonstrate the needed skills individually and collective to enhance the chance of survival in an emergency at sea.

The Delegates can demonstrate the needed knowledge to recognise the hazards and risks of transfer and take the correct preventive measures into account by following procedures and use the available LSA and PPE in a correct and safe manner.

The Delegates can demonstrate the needed knowledge to ensure safe conduct on installations, vessels and WTG's during normal operations and in case of emergencies and evacuation.

The Delegates can demonstrate the needed skills to conduct safe transfer of themselves and equipment between dock and vessel and WTG and vessel. Furthermore, to give the Delegates skills to assist in MOB situations.

Please note, joining instructions are sent to all delegates in advance of training. If your company has made a booking on your behalf, joining instructions will be sent directly to the booker. These should be forwarded to you. If you do not receive your joining instructions at least 2 days in advance of the course, please contact our admin team.
