

Course Name:

Online Port Safety and Security Awareness course

Course Price:

€ 210.00

Short Description:

1 Day Course which aims to provide awareness training in port security as required by the International Ship & Port Facility Security (ISPS) Code.

Course Type:

Port Sector Training

Full Description:

The purpose of this course is to provide awareness training in Health & Safety, as outlined in the Code of Practice for Health and Safety in Dock Work published by the Health and Safety Authority (HSA), for any person engaged in work activity in ports and docks facilities and to provide awareness training in port security as required by the International Ship & Port Facility Security (ISPS) Code.

Course Objectives:

To promote a safety culture among the many diverse users of a port

To ensure that anyone directly involved in work activity in ports are aware of their responsibilities under the Safety, Health and Welfare at Work Act 2005 (No. 10 of 2005)

To ensure that all persons are aware of the hazardous nature of dock work

To ensure that all persons required to work on board ships are aware of the hazards to be encountered

To help in the assessment of risk arising in docks operations
